

Explore the Canal Rail Trail with BINGO!

Start your adventure from Stonehouse or Stroud train station and follow the canal towpath. Keep your eyes peeled - some of the things on the Bingo card might be real, others might be artworks hidden along the route. It's all about noticing the big, the small, and the unusual along the way!

How to play

Tick things off as you spot them

Take photos or draw what you see

Keep a scrapbook of your canal-side finds

Go at your own pace - it's not a race

Did you know?

There were once up to 150 train stations in Gloucestershire!
Today, there are only nine - can you name them?
